

TAHOE TRIPS & TRAILS

Jackson Hole Multisport

This tour was voted one of the "50 most amazing trips in the world" by Outside Magazine. Here in Wyoming, the snow-capped Tetons rise dramatically from the valley floor to elevations above 12,000 feet. In this picturesque setting, our trip caters to the beginner, with more challenging opportunities for more experienced athletes. Your adventure includes four nights at inns and one night camping under the stars on the Snake River.

Highlights:

- Hiking and biking
- Horseback riding
- Whitewater rafting and canoeing
- Rock climbing

What to Expect:

At the base of the Teton Range, large glacial lakes mirror the mountains on calm summer days. In this splendid environment you'll enjoy sweeping mountain vistas, bald eagles, moose and other wildlife in their natural habitat. Each day offers a unique outdoor activity exploring the remote splendor of what is still the wild west. Each night, you'll settle into first-class, rustic lodges with wonderful ambiance and dinner specialties from mesquite-grilled salmon to buffalo steak. You will also have a chance to explore the many shops and galleries that make Jackson a culturally rich western town. This tour is a great opportunity to experience Wyoming wilderness, history, and culture.
