

TAHOE TRIPS & TRAILS

Private Lake Kayaking Tours

No experience is necessary to enjoy a day of kayaking on Lake Tahoe's crystal clear waters. Your guides begin the day with an introduction and/or review of paddling and safety techniques. Then you're off to kayak on Lake Tahoe. You'll meander through gigantic boulders, rest at sandy beaches, and enjoy the sunny day.

Enjoy stunning blue skies and clear waters. You can often see to seventy feet below the water's surface, but remember to look up. Surrounding you, three thousand feet higher are the beautiful snow-clad Sierra Nevada mountains. On warm days, take a cool plunge or relax on the beach.

Tours include:

- Guides knowledgeable in the flora, fauna, geology and history of the area
- Kayak, life jackets & paddles
- Instruction on safety and paddling technique
- Bottled water, snacks and post-tour refreshments
- Transportation to and from kayak destination
- Guides certified in first aid and CPR
